ABOUT US

Our company is located on the south bank of the Zhejiang Hangzhou Bay Cross-Sea Bridge. Founded in 1990, covers an area of approximately 3500 square meters. We specialize in manufacturing all kinds of brass products.

Our production range includes: car wash spray gun, garden tool connector, brass floor drain, and other brass products.

Production processes: copper rod casting, hot extrusion, cold stamping, machining, polishing, plating, and so on.

We have passed the ISO9000 international quality control system certificate. Product quality is strictly controlled according to the norms. Our products are available in Asia, America, and Africa now, and we enjoy a good reputation with our customers.

Welcome domestic and foreign customers to OEM. What we do is for your satisfaction.
